## THE NEW YORK STORE

ESTABLISHED 1853.

## Positively Your Last Chance

Oriental Rugs

And we intend to sell every one of these magnificent rugs-every one, mind you-to the highest bidder, regardless of the value of the rug.

During this sale rugs have gone at absolutely ridiculous prices, and for anyone who has a place for a rug this is undoubtedly the greatest chance they ever had, and probably ever will have.

One of the prettiest social affairs of the of Mrs. Robert I. Eads, for whom she was bridesmaid a short time ago. The smooth lawn with tall forest trees was perfectly haded and the rose beds and shrubbery lemonade and Mrs. Lew Cooper and Mrs. George Chandler sat at the long table further back on the lawn and served ices, which were passed by Miss Mary Davis Mrs. William Maguire, Miss Julia Walk Miss Lucy Ranney, Miss Juliette Bryan, Miss Daisy Wisson and Miss Edith Bingham. hostess and guest of honor, as well as the assistants and guests, wore the dantiest of summer costumes with broad hats of town were Miss McHenry, of Owensboro, Ky.; Mrs. Richmond, of Cleveland; Mrs. Wekon, of Chicago; Miss Curtis, of Hamilton, and Mrs. Jones, of Connersville.

A FEAST OF LANTERNS. It is not very often that eighty acres of woodlawn is given up to a lawn fete, in fact, it occurs only once a year, when Woodruff Place makes its annual display of beauty for the benefit of the free kindergartens. These affairs have grown from year to year until it seems that it will be impossible to devise anything more elaborate for the next effort. The decorations lest night were superb and the park, beauamong the dense foliage. Added to this was the effect of gaily decorated booths in varlous shadowy nooks, excellent music, sprightly youths and pretty girls galore in their summer costumes—and there isn't anything half so lovely on a summer night as a pretty girl in virgin white. There were There was music by a brass band, and music by one of the best orchestras in the city, to the tempting strains of which the younger people indulged in dancing upon a platform fifty feet square, that had been erected and planed and oiled for this purpose. Then there were shady walks and splashing fountains, and all the accessories ruff ideal. Apparently the people of the city appreciated all these good things, for they went out in crowds on blcycles, in carriages and by the street-cars-when they were lucky enough to get one. The company id not appreciate the demand that was to be made upon it, and the result was that at 8 o'clock Clifford avenue cars were loaded to the guards before they left Washington

for half an hour at a time. The inhabitants of the park vied with each other in their illuminations. Each one exercised individual taste and the result was that no two places were alike. There were thousands of lanterns. They bordered the porches, swung from the trees and about the dancing platform: they were festooned in great loops of colored lights from the great forest trees which frame the lot where the platform was. The roadways were filled with vehicles loaded with peor and were thronged with wheel riders, while the walks were filled with pedestrians, all moving slowly in order to enjoy the brilhant scene. Overhead were the stars and nature added to the affair with a display of heat lightning. Every resident kept open house, and there were scores of porch parties. Lamps with banquet shades of gay colors were set in the windows to add to the scene and from end to end there was a vista, the like of watch has never before been seen within this city's limits or suburbs. The entertainment was such a sucthe fete, will repeat it this evening. Mrs. H. A. Bingham, head of the section, asks

street, and many people were left waiting on the corners along Massachusetts avenue

Special to the Indiananciis Journal. MUNCIE, Ind., June 5 .- Grant Groomes, of Farmland, and Miss Ora M. Hickman were married last night by Rev. B. F. Crouse. Several relations of the groom from Farm-

Will Drive on Their Honeymoon. Mrs. Mona Wampler, of this city, and Dr. A. S. Lockhart, of Stockwell, Ind., were married by magistrate Wm. S. Lockman with an Indianapolis party, on the steamer Lahn, for Europe. Miss Kinder will travel teriay afternoon. The wedding was a daughter Bettle, of Philadelphia. Doctor's friends. The groom drove to the city from the home of his parents at Conners, ille, and will continue his drive to Stockwell to-day with his bride beside him.

Dr. Lockhart is a physician of Tippecanoe county, and Mrs. Wampler is well known in this city, having until recently kept a boarding house at No. 132 West Ohio street. THE SUBURBAN SCHOOLS.

Commencement Exercises at West In-

dianapolis and Brightwood. The commencement exercises of the West Indianapolis High School graduates took place last night before a large audience. The stage decorations consisted of draped American flags and potted palms that and back of which was stationed an orchestra. The invocation was by Rev. Robb Zaring. The five graduates delivered essays as follows: "The Taste for Good Reading," Gertrude Hilligoss; "The Progress of Civilization," Pearl Tilford; "National Emtdems," Elsie Collins; "The Dawning Century," Jesse Mark; "The Stars in Their Courses Fought Against Sisera," Lillie Mark. The essays were all exceptionally good, and, being well delivered, could be distinctly heard in all parts of the house. A plea for the goden-rod, as America's emblem, was made by Miss Collins in her essay on national emblems. By request of friends, Lillie Mark was recalled and delivered her poem on the separation of the graduating class. The graduates received many flowers from friends. Besides the essays of the graduates and orchestral music. and D. K. Armstrong, superintendent of the schools, spoke an afterword. A vocal rendered by Laura McCormick. S. A. Mor-gan, president of the School Board, presented the diplomas.

At Brightwood. Mrs. Horace McKay, Miss Helen | The friends and relatives of the pupils filled the church and were attentive and appreciative throughout the lengthy proclass motto is: "Life Without Literature is three-minute biography upon some wellknown American author or orator. Their lin," Lillie M. Griffith; "John Greenleaf Whittier," Lulu E. Bradshaw; "William Culien Bryant," Mary C. Ager; "Henry W. Longfellow," Orris F. Partlow; "Francis Scott Key and John Howard Payne," L. Rehling; "The Carey Sisters," White; "American Orators," Patsy J. Breene; "Louisa M. Alcott," Bessie M. Ingle; "Oliver Wendell Holmes," Pearl E. White, and Nathaniel Hawthorne," Mabel M. Gilchrist. During this part of the programme the class sang a national song, and Miss Cooper, daughter of the school superintendent, sang a soio, and a voca quartet, the members of which are Mrs. Fred Miller, John Bradshaw, Mrs. Lee Fisher and Ed Mulholland, rendered a seection. The usual custom of presenting eighth-grade pupils with certificates of scholarship, was observed by Calvin W. Bush, president of the School Board. The high school graduates had eight-min-ute essays as follows: "The Goal Attained," Mary Patton; "Not Finished, but Begun," Delbert Funkhouser; "Our Hemes," ingle; "Night Brings Out the Stars," Bessie D. Negley; "The Vision of Sir Launfel," Jonathan Artist; "The New Lochinvar." re-citation, Edith Lingle; "In Defense of the Modern Girl," Lottle McConnell; "Life is a School," Bessie Rhodes. An orchestra assisted in furnishing music during the pro-

At Broad Ripple. The commencement exercises of the of colors, arranged in fantastic order Park. There were the usual literary efforts of the graduates and the presentation of diplomas by W. B. Flick, superintendent of schools of Marion county. The following students were graduated: Mira Jackson, Ivey Hessong, Rose Shirts, Stella Hessong, Min-nie Llewellyn, John Moore and Elmer Dugan. Next Thursday night the common school branches of the Broad Rippie schools will hold their commencement exercises at

An Orchestra of Fifty-Five Pieces. A number of musicians have organized the Indianapolis Orchestra, with Alexander Ernestinoff director. The orchestra is to be composed of fifty-five local musicians. They prominent soloist, either singer or instrumentalist, while the popular concerts will be given with the help of home talent. Geo. H. Baumann will be concert master, A. Schellschmidt solo violoncellist, Miss Schellschmidt harpist. The personnel of the orchestra will be decided upon in a few days. The rehearsa's will be held at Maennerchor Hall.

Girls' Industrial School Outing. Yesterday occurred the annual outing of the at 1 o'clock to participate in the parade which preceded the taking of cars for the ark. The line of march was through the lowntown streets to the Union Station. The although it has occasionally been found in he transportation, and various firms con-

Toe Cut Off by Bicycle Spokes. toe of his left foot cut off by the spokes of a picycle yesterday. He was riding baretoot on the step and lost his balance. Before he could recover his equilibrium his toe was caught in the wire spokes and amputated.

Fred M. Bachman Fined. Fred M. Bachman, of No. 670 North Meridian street, was fined \$10 and costs in Police Court yesterday morning for striking a bicycle rider with a buggy whip. Bachman became provoked because a bicyclist ran into his buggy, and vented his anger on the next wheelman he met.

Groceries All Along the Street. Capitol avenue, ran away yesterday morning on North Meridian street and scattered groteries along that thoroughfare from Ninth to what he expects he will drill more of them Fourteenth street. No one was hurt.

She Died from Brain Fever. W. R. Kimball, the Pennsylvania Company train dispatcher, whose daughter died Thursday from brain fever, scolls at the report that death resulted from drinking the city water. He thinks the water may have eg-

gravated the trouble, however.

Fancy marble mosaic floors. Jno. M. Lilly.

BETTER DRINK BEER

His Vote the Deciding One-A Special Chemist for the Nitrate Nectarine -Mr. Claypool's Ideas.

yesterday in quoting a well-known woman street. temperance advocate, who had circulated tracts for forty years and was not ready to see her cause trampled on by the park pected that the brewing interests would concentrate their power so soon in circumventing any laudable effort to promote the Square or those who pass through the park. Ten drinks of water at this well, ten cups of the clear, sparkling fluid, the very existence of which might give "Billy" Davis the hydrophobia, would offset ten glasses of lager, a net loss to the brewing and saloon interests of 50 cents. It has been estimated that this pump was drawn upon dally for eight hundred cups of water in summer of one hundred days.

But Mr. Albert Lieber, that estimable gentleman whom Mayor Taggart appointed park commissioner because he was "something like a mugwump;" fairly hurled himself into the breach yesterday and saved the day for the brewing and saloon interthe commissioners, and his was the decid-ing voice, for aside from him two commissioners voted for the restoration of the pump and two against it. The vote on replacing the pump was as follows: Yeas, Claypool and Allen; nays, Holt, Perry and Lieber. So the "Billy Davis nitrite nectarine" will continue to spurt up and laugh, for the poets say water laughs, but the laugh will be a mocking one.

He Suggests a Dam and Reservoir

Along Fall Creek. Mayor Taggart and City Attorney Curtis met with the park commissioners to discuss the views presented by Mr. E. F. Clayfor the purpose of securing a supply of pure water for the city as well as the parks,

"I think it is an assured fact that White river cannot be relied upon for an ample supply of pure water, and that the most feasible plan is to rely on and take adcreek. The park commissioners will have to age and otherwise, Later on, should it become necessary, authority can be obtained from the Legislature giving us control of the stream to Mount Nebo or further. better than that in White river, as it is It may be claimed that the volume of water in the creek will not be sufficient for the use of the water company, but I think in addition to the deep wells that can be put down by the company the supply will be adequate for many years. "By building a dam across Fall creek, so as to create a lake or reservoir of suf-

ficient capacity to be supplied with pure sand filtered water, on the latest approved of necessity for fire purposes, etc., without filling the mains of the company with impure and unwholsesome water, and as a further sanitary measure, a reservoir could be built at what is known as dam No. 4. water from such reservoir could to flood and cleanse the main sewers that a large accumulation of sewage and foul sources they will at times become sufficiently polluted to engender disease and endanger

dam near the State fair grounds for irrigating the entire park system, as well as supplying such fountains as may be placed in the parks. You will see on the plans that the fall from dam No. 5 at Schofield's mill to the level below dam No. 1 is thirty-six feet. The entire system will give us a water surface of over three hundred

course of Fall creek, from Capitol avenue to White river, is 980 feet, which would require an excavation of about 700,000 cubic yards. Estimating the work to cost 15 cents per cubic yard, which I think is high, the expense would be \$105,000. Such an expenditure may seen a large sum, but when we consider the result of such an accomplishment, in all its advantages in point health, attractiveness, and especially in put-ting an end to the very disastrous advertising our city is now being subjected to, t will be money well expended, even though t cost double that amount. In fact some plan must be provided. Necessity demands it will be adopted and carried into effect

Maps were examined and the plan dis-cussed for some time. Those present expressed confidence in the plan and agreed that the crying necessity of the hour is pure water and plenty of it. Messrs. Claypool and Holt were appointed a committee to confer with the water company to secure more and better water.

DAVIS'S OWN CHEMIST.

He Will Have His Water Analyzed Now that It Is Clearing Up. "Nitrite nectarine" is a new name that

nas recently been coined. Scientifically examined it would appear to have little if any meaning, but the people of Indianapolis have come to fully understand its meaning, and it s being brought very closely to their notice syrup to be dispensed at drug stores at 5 blondine preparation, but it is said that it "Nitrite Nectarine-A combination of unknown decayed and poisonous vegetable mat-ter and water, sometimes sold for water at nigh prices by grasping corporations. This new substance was first discovered in the that reason, when prescribing it, as is hus; 'Nitrite nectarine (Davis), ten drops,' There is no other brand of it recognized by the United States pharmacopea as genuine, Citizens' Street-railroad Company donated an almost pure state in the refuse that flows tributed enough provisions to make it a gala not deemed as good to cause an emesis as the day for the daildren. One firm gave each genuine article prepared by Mr. Davis, the from strawboard mills. This, however, is not deemed as good to cause an emesis as the Yesterday Dr. Ferguson reported that "Nitrite nectarite (Davis)," is slowly disappearng, and in its place the water pipes are be-

ing filled with common water. The tests showed the water still unfit for use, but improving in quality. During the morning Mayor Taggart sent for Mr. Davis and peremptorily demande that he furnish the city pure water and not "nitrite nectarine." This demand was in the face of the knowledge that it is as much out of Mr. Davis's power to furnish such water at the present time as it is out of Mr. Taggart's power to reconcile the silver and anti-silver factions of the Democratic party, but it was a good grand-stand play. Mr. Davis received the command as coolly as he told the county board of review that the water company's plant is worth only \$600,000 and then, when a sale was talked of, swelled those figures to

Mr. Taggart also stated in that interview that it is his intention to make a very strong effort to device a plan whereby the city can purchase the water plant. what he expects he will drill more of them and then he able to supply the city with well water instead of "nitrite nectarine."

Prof. E. G. Smith, of Beloit College, Wisconsin, was in the city yesterday. He came at the request of Mr. Davis. Mr. Davis then notified Mayor Taggart that Professor Smith was here for the purpose of getting samples of the city and river water for

BOARD OF WORKS ROUTINE.

Estimates Allowed, Resolutions Adopted and New Papers Ordered. At its session yesterday the Board of Works allowed a final estimate of \$15,892 in favor of P. E. Phillips for graveling the first alley north of Washington street, from Johnson avenue to Jefferson avenue. The board also awarded to Gansberg & Roney \$35,909 for the construction of a local sewer Perhaps the Journal unwittingly furnished in Vermont street, from East street to a a cue to the brewing interests of the city point ninety-seven feet east of New Jersey

The beard also adopted improvement resolutions as follows:

For graveling the roadway, paving with cement and curbing with stone the sidewalks of Sterling street, from Stoughton street to Orange avenue.

For graveling the roadway, paving with cement and curbing with stone the sidewalks of Windsor street, from Stoughton street to Orange avenue. For graveling the roadway, paving with cement and curbing with stone the side-walks of Orange avenue and Keystone av-

enue to Pogue's run. For graveling the roadway and sidewalks of Twenty-sixth street, from Northwestern

avenue to the Big Four tracks.

The board deferred taking final action in the matter of the condemnation of the building owned by William Conorer at 299 West Washington street, and the building owned by W. H. Drapjer at 352 North Pine street, until their meeting on June 12.

Upon recommendation of the city engineer that official was instructed to prepare papers for the following improvements:

For grayeling the roadway and paving with brick the sidewalks of Sturm avenue, from Arsenal avenue to State avenue. For paving with cement the sidewalks of Jefferson street from State street to Frank

For graveling the roadway and paving with brick the sidewalks of Vinton street from West street to Dakota street. For paving with brick the second alley north of Christian avenue from Ash street to Bellefontaine street. For grading the roadway and paving with cement the sidewalks of Capitol avenue from State street to Auburn street. The board yesterday sent an order to the Big Four Railroad Company asking it to repair at once the planking between the rails and between the rails and the as halt pave-ment on West Washington street. At pres-ent the street is in a bad condition owing to the company's inattention in this respect

ANOTHER GRAND STAND PLAY.

Words at Street-Car Company. It is the announced intcution of the Board of Works to begin retaliatory measures against the street car company on account of the inability of the city to get justice in its claims for some control over the streets. Yesterday the board ordered a close examination of the laws and contracts under which the company is working. This is for the purpose of ascertaining just where and pany and make its existence miserable. It the company to do. This, of course, will include many repairs, which heretofore have not been looked after very closely. Every place where the city engineer can find that the company's tracks are a fraction of an attention of the board and orders to bring the places to grade will be sent out. There was a report yesterday that the no longer carry policemen and firemen or their badges as has heretofore been done but Mr. Mason Fays the report is not true and that no such action is contemplated.

Those Broken Promises. The Board of Works is having a regular "parrot and monkey" time with the Counaction in placing electric lights. In very few promised. It was stated some time ago in the Journal that after the Council had made its appropriation the board would proceed to do as it pleased, which is within its power. This is what it has done. Yesterday Mr. Wolcott dropped in to make a "kick." He was finally told that if he would select a place where he wanted a light he would be gratified by the board placing one there. He did so and a light was ordered for him.

Superintendent of a Small Park. Mrs. Caroline Coburn was appointed custodian of the small park in the center of Hendricks street, and the Superintendent was directed to plant two beds of flowers in the same, with the understanding that the citizens residing on the street will care for the same under the superintendwas directed to purchase some hardy water lilies for the lake in Military Park.

Will Buy the Electric Plant. The Board of Works has practically agreed until after the Council has made a transfer

of funds so as to give an appropriation to cover the cost. The board cannot enter into a contract until it has an appropriation for Don't Want the Street Raised. Board of Works yesterday to protest against raising the grade of Delaware street, from claimed that it would greatly damage their property. The board told them that it would visit the place and then decide what to do.

CITY NEWS NOTES. W. S. Kenworthy, of Oskaloosa, Ia., was

The gospel meeting of the Y. W. C. A. will be conducted at 4 o'clock to-morrow afternoon by Mrs. Samuel Hanna, who will speak on "Our Part." Sunday, June 21, Rev. T. I. Coultas, pastor of Roberts Park M. E. Church, will preach the baccalaureate sermon before the graduating class of the State Normal School at Terre Haute.

C. C. Watson, druggist at the corner of Virginia avenue and Bismarck street, was arrested yesterday on the charge of passing counterfeit money. He is one of the three South Side men who passed a bad dollar for a joke on a friend.

Girls' Classical School Notes. Miss Parker, the residence governess in the Girls' Classical School, and Miss Shoecraft, teacher of Latin in the same institution, left for their homes in New York and Massachusetts last night. They are both re-engaged and will return to the

school in September.

Miss Leonora Paxton, of Princeton, Ind. who graduated from the Girls' Classical School, will sail to-day in La Bourgogne from New York for Havre. With her family she will spend the summer in the caoften done, when an emetic is desired, phy- thedral towns in France, and will return in time to enter Smith College in the fall. Mrs. William E. Hayward, of Pana, Ill. accompanied by her daughter. Miss Susan Hayward, who, having been in the Class-ical School for four years, graduated with this year's class, returned to her home yesterday. Miss Hayward is one of the five members of the class of '96 of the Girls' Classical School already registered to en-ter Smith College in the fall.

> May Be a "Heart Disease" Case. A peculiar case was before Judge Cox yesterday. Leonard Wilson, a young colored man, was arrested on complaint of Mrs. Alice Hittinger, of No. 18 South Senate aveing out of the house for a few moments Thursday morning. Wilson said he came up the night before. He sat down on a curb stone to sleep, and the next thing he knew he was being ordered out of a house. He left immediately. Nothing was missing from the house. Wilson was released on his promise to go back to his home in

A Bridge Below the Stock Yards. Yesterday a petition was presented to the County Commissioners by Allen Fletcher asking that a new bridge be constructed over White river south of the stock yards. There are over 600 names on the petition. The location is the place where an effort has been made for several years to get a bridge, so as to give people from the south an opening to the stock yards.

Weather Bureau to Move.

samples of the city and river water for analysis. He asked that, if desired, Dr. Ferguson go with Mr. Smith and also take samples and note the places from which Professor Smith's samples were taken. The samples were secured yesterday, and Prof. The local Weather Bureau will be removed from its present headquarters in the

PARALYSIS

The Case of a Veteran Cited Whose Paralysis Came from Exposure in the Army.

The Equally Interesting Method of His Cure, and His Enthusiastic Endorsement.

From the Otsego Farmer, Cooperatown, N. Y.

Recently it was rumored that a miracle had to work I had no income save a been performed—that this man had been re-stored to his normal health and strength and determined to give them a fair trial. to ascertain the truth or falsity of such a rumor your correspondent visited Oneonta to-day and being directed to the man sought an interview with him, which was readily and cheerfully granted. The man told his gan to feel new life course through my body and cheerfully granted. The man told his gan to feel new life course that and to my surprise and delight,

ally in North Carolina of the days and nights of exposure I will not speak, for it was in the barracks at Washington that my misery While there heavy rains fell and along with it came that dread disease, rheumatism. I rapidly grew worse and was removed to the hospital where I was attended by Dr. Leonard, now of Worcester in this county. He made me as comfortable as any ald, but I could not shake off the disease. It was in my system and after my return home with impaired health and strength reduced, my nerves gave out and additional suffering ensued. I could move around and was able to do some work—at ength I went to work in the car shops here, inside work wholly—but the least exposure would bring on terrible pains and life was made miserable for me. After a few years my strength gave out and I was unable to fight against my pains. In addition to the rheumatism extreme nervousness took possession of me—then heart disease set in; I could not lie down to sleep and was brought very low by this complication of diseases.

My wrists and ankles became swollen, my legs distorted and my hips sunken, now you can feel the cavities, also thrust your hand into my back-such were the ravages of

my left side—but by extra care I recovered somewhat from this. Three years ago I had a second stroke which rendered me entirely helpless. My left side was wholly useless and I could not feel it when a pin was thrust full length into my leg or arm. Before paralysis set in I thought I was nigh to death, but now came the horror of a living death.
On account of my heart trouble which was aggravated by this new disease, I could not sleep and could be placed only in one position—bolstered up in a chair reclining slightly on my right side. Now the paral-wis affected my head and I would remain in vsis affected my head and I would remain in N. Y., and are sold only in bo that position asleep in the chair for weeks at a time without awakening. Words cannot express the misery I was in and the suffering I endured. All this time I consulted doctors and tried all kinds of patent medicines without receiving any benefit. I was doomed to a lingering death and was in despair. One day a paper was handed me

"But this was not all. About six years ago I had a stroke of paralysis which affected

In the town of Onecnta, in Otsego County, New York, for a great many years there has lived a man whose life has been overshadowed by that terrible disease, paralysis. 5200.00 in them, all to no purpose. Unable own story as follows:

"My name is Edward Haswell. You would not think from my appearance, but I was born 77 years ago, in New Scotland, Albany County. I was reared on a farm and blessed by Nature with a strong constitution and good health. Early in life I removed to Albany, thence to Schenevus, in this county, and finally settled down in Oneonta, where I have lived a great many years.

"When the war broke out I was strong and active and you would not take me to be 77 years old."

While speaking, Mr. Haswell showed considerable emotion and when questioned head of the strength into my side and life gan to come into my side and life strength into my leg and arm. After take fourteen boxes I had recovered full use my limbs, my rheumatism was gone and a heart trouble relieved. During my sick may weight had decreased from 225 pound am strong and active and you would not take me to be 77 years old."

While speaking, Mr. Haswell showed considerable emotion and when questioned heart countries.

added: "I cannot say too much in praise of Dr. Williams' Pink Pills and I cannot ex-

When told that people might not believe such a story in print, he said: "I am will-ing to go before a Justice of Peace and sweez to its truth, if you wish, and I shall be oul

Dr. Williams' Pink Pills for Pale People are an unfailing remedy for all diseases arising from a poor and watery condition of the blood, such as pale and sallow complexion. mia, chlorosis or green sickness, of the heart, shortness of breath on slight ex-ertion, coldness of hands or feet, swelling of the feet and limbs, pain in the back, nervous headache, dizziness, loss of memory, feeble-ness of will, ringing in the ears, early decay, all forms of female weakness, leucorrhea-tardy or irregular periods, suppression of menses, hysteria, paralysis, locomotor ataxia, rheumatism, sciatica, all diseases depending when broken down by overwork, worry, disease, excesses and indiscretions of living, recovery from acute diseases, such as fevers, et loss of vital powers, spermatorrhoe, early de-cay, premature old age. These pills are not a purgative medicine. They contain nothing that could injure the most delicate system. They act directly on the blood, supplying the blood its life-giving qualities by assisting it to absorb oxygen, that great supporter of all organic life. In this way the blood, becoming "built up" and being supplied with it lacking constituents, becomes rich and red nourishes the various organs, stimulating
